- liberate places

- liberate places
- relieve, revitalize and reinterpret public spaces

- liberate places
- relieve, revitalize and reinterpret public spaces
- operate in any social or physical space

- liberate places
- relieve, revitalize and reinterpret public spaces
- operate in any social or physical space
- increase quality and interdependency of life

- liberate places
- relieve, revitalize and reinterpret public spaces
- operate in any social or physical space
- increase quality and interdependency of life
- life and art are inseparable

each action is art...

each action is art and all art is action.

A stylized blue graphic featuring a semi-circle at the top and a line graph with several data points and connecting lines below it. The text is overlaid on this graphic.
